Personal Profile

A versatile and professional software graduate with a commitment to and experience of developing innovative and creative software solutions. Able to perform full software development life cycle activities.

Have gained on production experience during my gap year with exposure to software development. Including carrying out straightforward design, testing or support of network design and solutions following existing methodology set by senior colleagues and friends.

ACADEMIC QUALIFICATIONS

Yangzhou University,China

Bachelor of Science in
Software Engineering
(Attended from Sept. 2018 to
June 2022)

Technology I'm Familiar With

- C programming.
- Java web development.
- Asp.net, Ado.net.
- Android studio.
- Principle of Database System.
- Java Programming.
- Software Architecture.
- Communication and Networks.
- Assembly Language
- Software Quality Assurance And Testing.
- Computer Operating system.
- Object Oriented Software Eng.
- Data Structures and Algorithm.
- Microcomputer(CPU Architecture)
- Python.
- Data Analysis.
- Statistics and Probability.
- Calculus, Linear Algebra.

Other Education

IELTS

BRITISH COUNCIL

- Overall Score- 6.0
- Date-12/2017

Personal Skill

- Attention to detail
- Problem Solving using appropriate (DSA).
- Planning strategically
- Able to identify critical issues

Experiences

- SEYZU- University Management System using Asp.net(MVC)
- ECOMDJ- Ecommerce Website using Django and Vue.
- Implementing some mathematical formula to solve personal problem.

Interest

- Artificial Intelligence(AI).
- Machine Learning(ML).
- Quantum Computing.
- Robotic Process Automation (RPA)

Professional Skills

Coding Languages:

Python,C,C#,Java, JavaScript, SQL,HTML/CSS.

Frameworks/Systems:

MVC/MVT,Django,DRF,Vue, ASP.NET,Bootstrap, Visual Studio Code, Visual Studio,Jovian,Cloud Computing (GCP), Github, Linux(bash), Android studio.

Languages:

- Bangla-Native
- English-Fluent
- Chinese-Intermediate
